**MOTION IN LIMINE TO EXCLUDE GOVERNEMTN'S VIDEOTAPE**

---

Now comes Brima Wurie and respectfully moves this Honorable Court to exclude from use at trial a videotape taken by investigating officers at apartment 1 at 315 Silver Street in South Boston during the execution of a search warrant.

In support thereof, the defendant states that the videotape does not depict the actual search and discovery of the contraband. Rather, the video captures certain items propped up for better viewing, had been edited, and contains non-relevant and perhaps foul language.

In addition, the police arranged for better viewing certain items related to the motion picture "Scarface". A poster of Al Pacino and some type of souvenir box were prominently displayed for videotaping purposes.

As such, the videotape evidence is more prejudicial than probative and should not be shown to the jury.

Respectfully submitted,  
**BRIMA WURIE**
